

# A Green, Sustainable Home Office

## Energy Efficiency

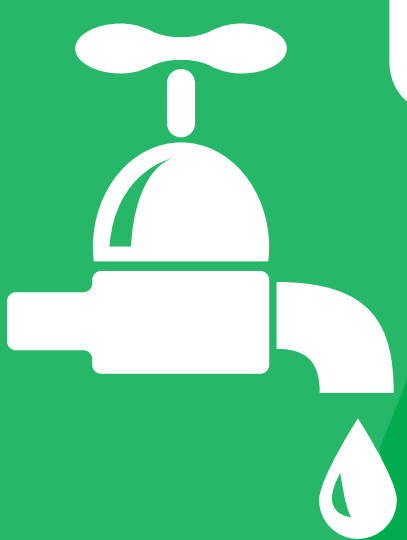

We have reduced our energy usage and are implementing new measures to save even more.

1,000 kWh = powers  for a month  
We've saved enough energy to power:

**Total =  1,618**

## Water Efficiency

By installing hygienic, hands-free faucets and waterless fixtures we have saved:

**Total = 1,542,000 gal**

## Waste Management

We have reduced our landfill impact by recycling paper, aluminum, cardboard, plastic & glass

**Total Recycled = 362,847 lbs**

**NOW OPEN!**  
drive-up recycling bins - you can conveniently bring in your home recyclables.  
(located by Volleyball Court)
