

Nature Preschool Teacher

Department: Education

Supervisor: Jennie McGuigan, Education Director

Position: Full time; Exempt

Summary

Ijams Nature Preschool (INP) provides a hands-on, experiential approach to learning that is based on the needs and curiosity of young children. Its mission is to inspire children, families, and educators to connect more deeply with the world around them. Through INP research and programs, children and families develop a profound engagement with the natural world, where nature is an integral part of daily learning. All of these efforts focus on safety, customer service, and effective educational methods in a supportive environment.

Ijams Nature Center is seeking a dynamic, curious, and professionally organized educator to lead and develop nature preschool programming. The teacher is responsible for adding to a cohesive teaching team, helping Lead Teachers write/coordinate the curriculum, and managing the day-to-day operational activities of the classroom (outdoor and indoor spaces). Teachers must understand children's cognitive, social, emotional and physical development in order to ensure a safe and stimulating classroom environment where children are actively engaged and encouraged to succeed. The teacher must be skilled in communicating with both children and adults in order to meet the needs of the children, and resolve parental concerns.

An ideal candidate enjoys being outdoors in nature year-round, is well versed in early childhood education practices, and infinitely curious about the changing social and emotional needs of preschool-aged children ages 3-5 years. Candidates must possess a strong respect for young children and families, a love of teaching young children, and a strong desire to provide meaningful and innovative learning experiences in nature for children, their caregivers, and the teaching team. They must possess the ability to help support diverse team members in executing daily multi-sensory, play and nature-based, anti-bias, emergent and developmentally appropriate curriculum, incorporating a variety of hands-on experiences as they maintain warm, professional relationships with children, their parents, and caregivers.

Position Responsibilities and Duties:

The Preschool Teacher will work as part of a team of Preschool Teachers, volunteers, the Early Learning Programs Manager, the Education Director, and the Ijams Nature Center staff to foster the social, emotional, environmental, and academic development of students at our school during our regular school year. Preschool teachers will support Ijams educational philosophy to provide high quality outdoor experiential programming in the East TN region that is relevant, impactful, and builds individual sense of

place and community involvement in the natural landscape through a place-based, student-centered, and multi-touch point approach to education.

Teachers at INP:

1. Are 'co-learners' or 'facilitators' of learning and are curious learners with their students
2. Protect and not dominate learning opportunities for children's growth and empowerment
3. Are strong observers of child development and behavior and intrinsically ask many questions
4. Are reflective, active, and intensely curious life-long learners
5. Are protectors of staff and student space, thinking, respect, autonomy, and unique contributions to our community
6. Remain open and accepting of new growth within oneself and others
7. Embrace diverse communications and expressions
8. Share creative thoughts and perspectives for the benefit of others
9. Mentor and support the growth of adults and children within the INP community
10. Believe in promoting good quality education using the natural environment and outdoor classroom space
11. Share unique skills and talents and seek out development in areas of growth
